

CLEAR DECKS FOR ACTION

Methodists Are Ready for Work.

Preliminary Matters About Cleaned Up, Other Work Will Proceed.

Various Committees Hold First Meet- ings and Make Fair Start in Business Before Them.

LOS ANGELES, Cal., May 6.—Very little progress was made by the Methodist general conference today, but the business is being so shaped and systematized that with a few more sessions to clear away the vast quantity of preliminary matters, the work will proceed smoothly and rapidly. The various important committees held their first meetings this afternoon at half a dozen different churches, and made a fair start in the business before them.

The resignation of Senior Bishop Stephen M. Merrill of Chicago was presented to the conference and referred to the Committee on Episcopacy with instructions to report to the general conference with appropriate resolutions commendatory of the great service Bishop Merrill has rendered to the church in his fifty-nine years as minister and bishop.

Important Resolution.
The only other important subject considered by the general conference today was the resolution offered yesterday by Dr. J. F. Gouches, as follows: Resolved, That a committee of fifteen be appointed, to consist of one minister and one layman from each general conference district and one at large, whose duties shall be to revise the constitution of the conference not later than May 15 a re-grouping of the annual conference in the general conference districts, so as to secure, as may be, equal representation, having due regard, however, to proximity of territory and similarity of interest.

After debate as to what should be done with this resolution and dragged along for more than an hour, some one suddenly discovered that there was a specific rule of the general conference which provided for its reference to the Committee on Boundaries, and it was so ordered.

Revival Meetings.
Pentecostal meetings are being held daily at the Temple Baptist church. These meetings are of the revival kind, addressed by well known revivalists, including several bishops and attended by great crowds of church people. Bishop C. C. McCabe is one of the leaders in these meetings.

A series of lectures by visiting church dignitaries are a feature of the evening entertainments at the pavilion and at Simpson auditorium. The speakers include half a dozen of the bishops, Dr. J. M. Buckley, Dr. T. B. Neely and others.

The Committee on Episcopacy will meet Monday afternoon, when it is expected the question of new and additional bishops will be taken up.

JACK, THE AGITATOR, IS HELD TO THE COURT

Special to The Tribune.
PRICE, Utah, May 6.—John Combs, commonly known as "Jack the Agitator," and secretary of the Miners' union of Sunnyside, was arrested here last night. He spent the night at the bullpen, sharing a blanket with an Italian striker, and was released today under \$50 bond to appear Monday next and answer to a charge of disturbing the peace. He abused and insulted guards, Sheriff and citizens generally who are not strikers, and made himself generally obnoxious.

Warren Jones of Aurora, Sevier county, who shot and killed Roy Ferguson, was today bound over to the District court by Justice Millard, on the charge of involuntary manslaughter, and his bond fixed at \$1000. He occupies one of the steel cages at the county jail.

REPUBLICAN DELEGATES TO JUDICIAL CONVENTION

Special to The Tribune.
RICHFIELD, May 6.—Wayne and Platte counties have elected their delegates to the Republican Judicial convention of the Sixth district, which convenes at Marysville on May 15. Wayne's five are Heber T. Wilson of Tensdale, James E. Meeks of Thurber, and Albert Stevens, Joseph Eckert and C. A. Grundy, all of Lava County. Superior Albert Stevens of Lava county Chairman Albert Stevens of Lava tendered his resignation as chairman, but was re-elected unanimously, and harmony is completely restored where warring factions had threatened the party's welfare. Platte county's six delegates to the judicial convention are Lex Sprague and C. Webster of Kimberly, John Ealer and W. E. White of Marysville, Alex Davis of Circleville and Charles Morrill of Junction.

SPANISH FORK HOLDS SCHOOL EXAMINATIONS

Special to The Tribune.
SPANISH FORK, May 6.—One hundred and seventy-one eighth grade pupils, representing Springville, Mapleton, Spanish Fork, Benjamin, Lake Shore, Payson, Santaquin and Goshen, were examined by County Superintendent Brown at the Central school building here yesterday. A school fair was also held in the afternoon and evening. The display was creditable to both teachers and pupils. This afternoon a dance was given for the primary grades, and tonight the school year closes with a dance for the high grades and teachers. Friday, May 13, the graduates from all the schools in the county meet at American Fork to receive their diplomas. Springville leads with the largest class in the county.

The best disinfectant of all is sunlight. It destroys by its very brightness all sorts of germs and at the same time helps the growth of plant life and animal life. Doubtless all have noticed that mould grows during the night and in dark, damp cellars. Bright sunlight quickly destroys germs, mould or other organisms. That is why it is best to let the sunlight into your houses for its purifying influence.

At the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. Pierce, chief consulting surgeon, started experiments, some three years ago, with the Finns light in conjunction with the X-ray in the treatment of diseases. He got excellent results therefrom, and was among the first to adapt this remarkable cure to many cases which it was formerly supposed must of necessity be treated by the knife.

Not only is Dr. Pierce notable for his surgical achievements at his hospital in Buffalo, but nearly a third of a century ago he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It maintains the patient's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way fever, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria; it builds up the tissues and puts on healthy flesh.

Those desiring to know something about the body in health and disease, also medicinal and surgery, without technicalities, should read the "Common Sense Medical Adviser," which can be had for 31 cents in one-cent stamps for the cloth-bound book. Address Dr. R. V. Pierce, Buffalo, N. Y.

GOLD MOUNTAIN RESUMES OPERATIONS IN A MONTH

Special to The Tribune.
RICHFIELD, May 6.—President Carl Goldbranson and Superintendent R. M. Keene of the Boston and Gold Mountain Mining company, have returned from a five months' tour of Atlantic coast cities, enquire of the future of their business. They established a branch office at Washington, D. C., and appointed fiscal agents at Wilmington, Boston, Newport, New York, Kansas City, Lansing and Detroit. Soon there will be held a directors' meeting to hear reports and map out the future. President Goldbranson is already prepared to say that within thirty days active operations will resume at the diggings on the Fish creek slope of Gold Mountain. Sufficient stock has been floated to push the tunnel on to the vein for which it is driving, and the operations are favorable to the promise of a big producer.

Two-Year-Old Girl Drowned.

Special to The Tribune.
KAYSVILLE, May 6.—Bessie, the two-year-old daughter of Mr. and Mrs. Willard Phillips of this place, was drowned Wednesday evening in what is known as Kay's creek. The little girl, with some other children was playing near the creek, which runs near the home of Mr. Phillips, when she fell in. She was missed by the other children for some time, when a search was begun, which resulted in finding the body in the creek some distance below the house.

People May Go Without Food for Days but Not Without Sleep.

Fasters have gone without food for many days at a time, but no one can go without sleep. "For a long time I have not been sleeping well," after lying awake for two or three hours during the night up to three weeks ago, but now I sleep sound every night and wake up refreshed and vigorous," says a California woman.

"Do you know why? It's because I used to drink coffee, but three weeks ago I cut off the coffee and began using Postum. Twice since then I have drunk coffee, and both times I passed a sleepless night, and so I am doubly convinced coffee caused the trouble and Postum removed it."

"My brother has been in the habit of drinking coffee three times a day. He has been troubled with sour stomach, and I often would notice him getting soda from the can to relieve the distress in his stomach, lately hardly a day passed without a dose of soda for relief."

"About two weeks ago he asked me for a cup of Postum. He liked it well enough to give up coffee and since then has been drinking Postum three times a day and says he has not once been troubled with sour stomach. Name given by Postum Co., Battle Creek, Mich."

Even after this lady's experience with coffee, her brother did not suspect coffee was causing his sour stomach, but easily proved it. Coffee is not suspected in thousands of cases just like this, but it's easily proved. A ten-days' trial works wonders, and of course "there's a reason." Look in each package for the famous little book, "The Road to Wellville."
